Bob Papadopoulos P.Eng, RHI

• Over 14 years of building inspecting experience in Toronto and the GTA

Over 4,000 residential and commercial buildings inspected

Bob has inspected over 4,000 residential and commercial buildings of various descriptions and reporting on conditions of major systems including structure, building envelope and mechanical systems, specific problem investigations and pre-renovation inspections. In the past Bob has helped train Home Inspectors and assisted in the creation of educational courses on home inspecting as well as taught Home Inspection courses at Seneca College. Bob also has experience in the construction industry inspecting many large scale projects through-out the GTA. He also served in the Canadian Navy as a Marine Mechanic and Ships Team Diver.

Professional Designations

- P.Eng. (Professional Engineer of Ontario)
- RHI Registered Home Inspector
- Certified Energy Auditor
